Viet Makina was established in 1998 at Karabağlar Industrial Zone based on a long experience organized in a metal structure. Viet Makina has started with a single pillar drill with years of experience and invested all its revenues gained by hard work on machinery to make a significant improvement in a relatively short time.

Viet Makina has been manufacturing marine heat exchangers, oil cooler and exhaust elbow for over 24 Years. Our heat exchangers, oil coolers and exhaust elbows can be found in wide range of marine applications. We will work hard to provide better services for our business partners.
